REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Issued monthly – Acts reported during April 2018

1 In pursuance of the Maritime Safety Committee's instruction to the Secretariat to issue monthly reports of all incidents of piracy¹ and armed robbery against ships² reported to the Organization, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 1 and 30 April 2018 including a distinction between acts of piracy and acts of armed robbery against ships (annex 1) and attempted attacks (annex 2). The Secretariat has, since July 2002, classified separately any reported incidents of piracy and armed robbery **at sea** (international or territorial waters) vis-à-vis acts of armed robbery allegedly **committed in port areas**, as well as **attempted** acts of armed robbery.

¹ "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

- (a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:
 - (i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;
 - (ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;
- (b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;
- (c) any act inciting or of intentionally facilitating an act described in subparagraph (a) or (b)."

² "Armed robbery against ships" is defined in the *Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships* (resolution A.1025(26), annex, paragraph 2.2), as follows:

"Armed robbery against ships means any of the following acts:

- (a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;
- (b) any act of inciting or of intentionally facilitating an act described above."

2 Further, and as instructed by the Committee (MSC 89/25, paragraphs 18.9 and 18.10), the Secretariat has opened a "piracy and armed robbery" module on the Global Integrated Shipping Information System (GISIS) (<http://gisis.imo.org>) in order to improve the timeliness of reporting of incidents and to enable users to generate their own search criteria and produce customizable reports. This database is now configured for public, read-only access and is searchable. Reports can be compiled in GISIS directly by Member States and registered public users. These reports can now include follow-up information, for example dates of release of hijacked ships.

3 Previous incidents reported to the Organization since the fifty-ninth session of the Committee have been circulated by various MSC circulars, those issued during the previous 12 months and up to 31 March 2018 being MSC.4/Circ.249, MSC.4/Circ.250, MSC.4/Circ.251, MSC.4/Circ.252, MSC.4/Circ.253, MSC.4/Circ.254, MSC.4/Circ.255, MSC.4/Circ.256, MSC.4/Circ.257, MSC.4/Circ.258 (annual 2017), MSC.4/Circ.259, MSC.4/Circ.260 and MSC.4/Circ.261.
