MEPC.1/Circ.874/Rev.1
24 May 2018

**SUMMARY REPORTS AND ANALYSIS OF MANDATORY REPORTS
UNDER MARPOL FOR THE PERIOD 2011 TO 2016**

1 The Marine Environment Protection Committee (MEPC), at its sixty-seventh session, endorsed a request of the Sub-Committee on Implementation of IMO Instruments (III), at its first session, to issue an annual circular on mandatory reports under MARPOL covering parts:

- .1 part 1(a): Discharges of 50 tonnes or more;
- .2 part 1(b): Discharges of less than 50 tonnes;
- .3 part 2: Annual enforcement report on alleged discharge violations; and
- .4 part 4: Annual statistic reports for the year,

of the formats for a mandatory reporting system under MARPOL, as set out in MEPC/Circ.318.

2 The current circular is based on mandatory reports received by the Organization in accordance with MEPC.1/Circ.318 for the year 2016, submitted by Parties to MARPOL. Based on the information received, an analysis of the 2016 reports is provided in annex 1. A summary covering the period 2011 to 2016 is set out at annex 2, updating the information contained in the previous circular, covering the period 2010 to 2015 (MEPC.1/Circ.869). The information contained in the reports is designed to facilitate the exchange of information between Parties and is used by the Organization to assess the effectiveness of the application of MARPOL, as well as for statistical purposes.

3 Parties to MARPOL are requested to submit their annual reports to the Secretariat by 31 December each year,* using the reporting format set out in MEPC/Circ.318. Nil returns are required from Parties for each reporting requirement from the perspective of port, coastal or flag States. Mandatory reports under MARPOL, as well as any queries on the management of the data contained in the annual circular, should be submitted to the Secretariat by post or by email to:

Marine Environment Division
International Maritime Organization
4 Albert Embankment
London, SE1 7SR
United Kingdom
Email: info@imo.org

* For the next circular to be issued on 31 January 2019, mandatory reports to be submitted by Parties to MARPOL should be received by 31 December 2018 for the calendar year 2017.

4 Notwithstanding the above, Parties to MARPOL are urged to provide and/or update their respective contact details in the Port Reception Facilities module of GISIS to ensure notification of port States by flag States reporting on alleged inadequacies in accordance with the procedures set out in the *Consolidated guidance for port reception facilities providers and users* (MEPC.1/Circ.834).

ANNEX 1

ANALYSIS AND EVALUATION OF MANDATORY REPORTS UNDER MARPOL FOR 2016

- 1 The Secretariat received reports for the year 2016 from 35 Parties and 2 Associate Members, representing 39 reports in total.
- 2 Parties are invited to note the following points:
 - .1 part 1(a) of MEPC/Circ.318: Two Parties (Denmark and Kazakhstan) reported a total of two incidents of spillage of 50 tonnes or more. The type of spillages were hydraulic oil and hydrochloric acid;
 - .2 part 1(b) of MEPC/Circ.318: 19 Parties (Australia, Bahamas, Chile, Denmark, Egypt, Islamic Republic of Iran, Israel, Italy, Kazakhstan, Latvia, New Zealand, Norway, Poland, Romania, Russian Federation, South Africa, Sri Lanka, Sweden and Turkey) reported a total of 366 incidents of spillage of less than 50 tonnes in 2016, involving 72 Parties. The types of substances spilled were mostly various hydrocarbon oils, representing 62% of the total incidents. Seven Parties reported a total of 122 incidents involving Annexes IV and V materials, constituting 34% of overall incidents. Thirteen Parties reported substances other than oil, such as synthetic drilling mud, drilling fluids, chemicals, paints and vegetable oils. Overall, spillage of non-oil substances constituted about 5% of reported incidents under part 1(b);
 - .3 part 2 of MEPC/Circ.318: Nine Parties (Denmark, France, Germany, Greece, Japan, Netherlands, South Africa, Spain and Sweden) reported 29 incidents on alleged discharge violations in 2016. The types of substances discharged were various types of fuel oils and lubricant/hydraulic oils and also included garbage, vegetable oil and tank washings;
 - .4 part 4, sections 1 and 2 of MEPC/Circ.318: the total number of ships boarded in 2016 by port State control of the 35 Parties reporting the outcome of inspections was 34,473, while the total number of ships detained in port or denied entry was 376, which represents 1.16% of those boarded;
 - .5 part 4, section 1 of MEPC/Circ.318: of the 34,473 reported boardings, 31 ships had no IOPP Certificate or equivalency, 265 ships had discrepancies in their IOPP Certificate or equivalency; 1,409 ships had oil record book or equivalency discrepancies, 22 ships had no oil record book or equivalency; 184 ships lacked required pollution prevention equipment and 1,479 ships had required equipment that was not functioning. In total, 3,390 discrepancies were recorded in 2016. The full summary of discrepancies submitted by port States in fulfilment of the requirements in MEPC/Circ.318 is set out in table 1;

Table 1: Summary of discrepancies

Number of ships boarded during report period		34,473
IOPP Certification Discrepancies		296
a) No certificate or equivalency	31	
b) Certificate or equivalency discrepancy	265	
Oil Record Book Discrepancies		1,431
a) No oil record book or equivalency	22	
b) Oil record book or equivalency discrepancy	1,409	
MARPOL Equipment Discrepancies		1,663
a) Required equipment not on board	184	
b) Required equipment not functioning	1,479	
Total number of discrepancies		3,390
Number of ships detained in port or denied entry		433

- .6 part 4, section 3(a) of MEPC/Circ.318 on penalties imposed by port States: the number and amounts of penalties imposed by 15 Party port States that reported (Australia, Bulgaria, China, Croatia, Germany, Greece, Israel, Italy, Japan, Latvia, Netherlands, Poland, Romania, Russian Federation and Spain) are set out in table 2. Twenty-four Party port States had no information on imposed penalties for all types of violation; and

Table 2: Section 3(a) of Part 4 of MEPC/Circ.318: Number of penalties imposed, maximum fines, minimum fines and average fines by Party port State

Type of violation	Number of reported fines	Fines (in GBP)		
		Max.	Min.	Average
1. Illegal discharge	115	176,300	128	7,130
2. Oil Record Book	178	22,550	98	1,149
3. IOPP Certificate	14	15,760	356	1,308
4. Others	351	15,760	89	1,002

- .7 part 4, section 3(b) of MEPC/Circ.318 on penalties imposed by flag States: the number and amounts of penalties imposed by the ten Party flag States that reported (Chile, China, Greece, Japan, Kazakhstan, Poland, Russian Federation, South Africa, Spain and Turkey) as set out in table 3.

Table 3: Section 3(b) of Part 4 of MEPC/Circ.318: Number of penalties imposed, maximum fines, minimum fines and average fines by Party flag State

Type of violation	Number of reported fines	Fines (in GBP)		
		Max.	Min.	Average
1. Illegal discharge	202	32,300	40	2,165
2. Oil Record Book	256	2,000	4	243
3. IOPP Certificate	16	1,300	238	321
4. Others	413	4,408	4	418

Compliance with the provisions of MEPC/Circ.318

3 Compliance reporting in accordance with MEPC/Circ.318 continues to be relatively low. For 2016, 34 Parties submitted their reports by the deadline and 1 Party submitted after the deadline. While the total number of Parties increased from 153 to 155, with the accession of Fiji and Guinea-Bissau in 2016, this increase did not affect the 2016 reporting period. Hence, compliance reporting statistics are adjusted based only on submitted reports, including data from previous reporting years.

4 For 2016, 37 Parties submitted reports, representing a compliance reporting rate of 25.5%. Of the 37 Parties reporting for 2016, 17 of these have consistently submitted their annual reports since 2008. Over the 2011 to 2016 reporting period, 47 Parties were not consistently submitting annual reports. In some instances there is a gap of one or more years before a report is again submitted. Hence, the pattern of submission has caused the level of reporting to fluctuate between 43 and 35 Parties over the reporting period. Eighty-seven Parties have not submitted reports since 2008. Figure 1 shows the compliance reporting pattern on a yearly basis from 2008 to 2016.

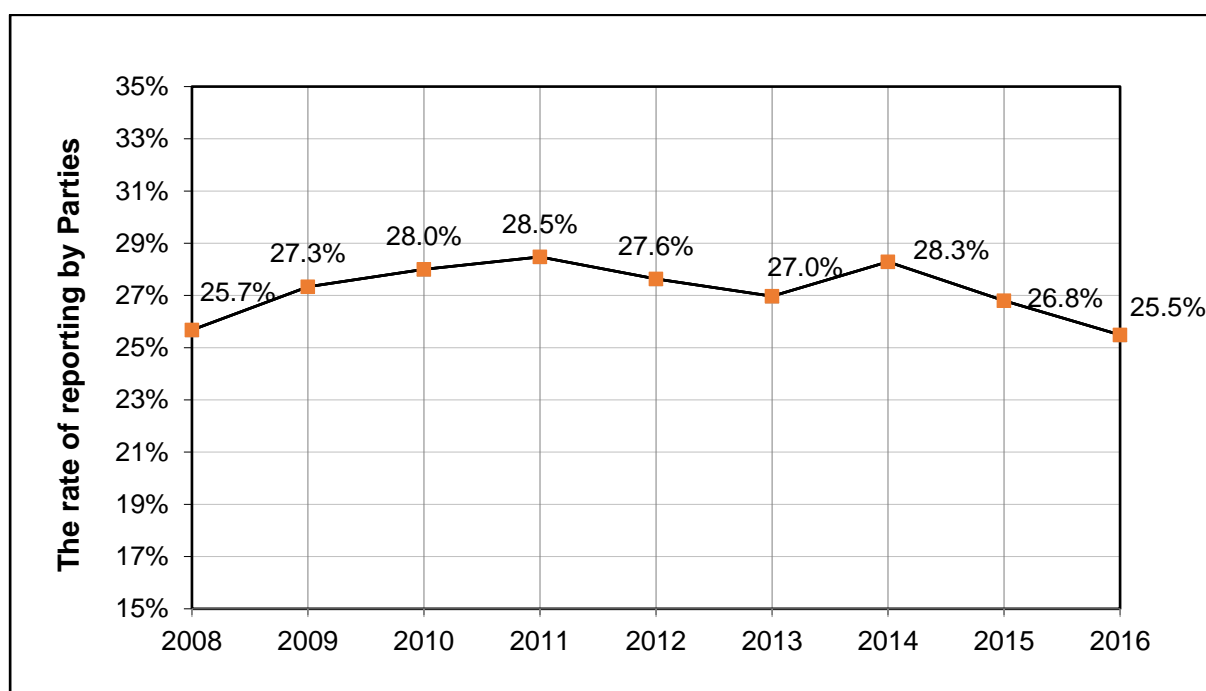

Figure 1: Rate of reporting (%) in compliance with the provisions of MEPC/Circ.318.

ANNEX 2

**STATUS OF MANDATORY REPORTS UNDER MARPOL FROM 2011 TO 2016
(as of 31 January 2018)**

The status of mandatory reports under MARPOL covering the period 2011 to 2016 is set out below identifying those Parties that have submitted reports in the last five years, as well as additional information requested by the III Sub-Committee regarding those Parties that submitted reports outside the reporting period.

✓	A mandatory report was submitted in the reporting period
□	A mandatory report was submitted outside the reporting period
■	Not a Party to MARPOL during the reporting period
■	A mandatory report was not submitted in the reporting period

Party	MARPOL Convention (date of entry into force for the Party)	2011	2012	2013	2014	2015	2016
